

HACE Scholarship Awards to NHU Students

In support of the Memorandum of Understanding between Ames and the National Hispanic University (NHU), Eric Kristich, Division Chief of the Logistics and Documentation Services Division, and Co-Chairman of the Hispanic Advisory Committee for Employees (HACE), presented scholarships to four outstanding NHU students.

The Hispanic Advisory Committee for Employees (HACE) at NASA Ames Research Center has developed these scholarships for students who are enrolled in either Science, Mathematics, or Computer Science Departments. The students were selected on the basis of an application in which they described their education goals and an essay on a related subject.

The scholarships were presented by Eric to the four students in a very nice ceremony which took place in the office of Dr. David Lopez, NHU President, on Thursday, May 28.

The four winners are Ruth Castro, Carlos A. Fernandez-Martinez, Alejandro Heredia, and Benjamin Johnson,

Shown in the photo, from left to right, are:

Benjamin Johnson, Carlos A. Fernandez-Martinez, Ruth Castro, Alejandro Heredia. Dr. Yazmín Rosa-Bauza (Chairwoman of the NHU Mathematics and Science Department), Eric Kirstich, and Dr. David Lopez (NHU President),
